Profile

Full-stack software engineer with experience building enterprise applications using Go and Angular. Strong focus on backend systems, database design, and scalable services.

Education

2021–2026 **B.Sc. Computer Science**, Amirkabir University of Technology, Tehran, GPA: 3.59

Work Experience

2025–2026 **Full-Stack Developer**, System Group (Enterprise Software Company), Tehran

- Core contributor to an HCM module, owning end-to-end feature delivery from requirements to deployment within a 15-person team
- Optimized PostgreSQL schema and queries across core entities, supporting ~50 client organizations during closed beta
- Designed and implemented backend services in Go by translating complex HR and business requirements into structured domain models and scalable application logic
- Contributed to architectural decisions on service boundaries, data modeling, and API design in large-scale enterprise system
- Introduced behavior-driven development (BDD) practices using Gherkin, helping standardize testing workflows and improve code reliability across the team
- Contributed to Angular front-end development, supporting stable alpha releases with low defect rates

Technical Skills

Languages: Go, Python, TypeScript, C/C++

Frameworks: Angular, Next.js, Django

Databases: PostgreSQL, MongoDB

Tools: Docker, Git

Concepts: REST APIs, Distributed Systems, System Design, Database Optimization

Projects

P2P Chat Application (Python, PyQt, Redis, STUN)

Peer-to-peer chat application using NAT traversal for direct client communication. Implemented peer discovery with Redis and STUN-based connection setup. [GitHub](#)

Aknoon Gallery Website (Next.js, TypeScript, Tailwind CSS)

Full-stack gallery and e-commerce web application with responsive and accessible UI. Built dynamic frontend with component-based architecture. [GitHub](#), [Demo](#)

Primal-Dual Converter (Next.js, TypeScript, Tailwind CSS)

Web app for transforming linear programs into dual form. Implemented LP-to-dual transformation logic. [GitHub](#), [Demo](#)

Languages

English Fluent
